**PLAINTIFF'S ANSWERS TO
DEFENDANTS' INTERROGATORIES TO
BOARD OF EDUCATION OF JORDAN
SCHOOL DISTRICT (SET 1)**

Case No.: 4:24-cv-1377

1 PROPOUNDING PARTY: DEFENDANTS

2 RESPONDING PARTY: BOARD OF EDUCATION OF JORDAN SCHOOL DISTRICT

3 SET NO.: ONE (1)

4 DATE OF SERVICE: May 7, 2024

5 Pursuant to Federal Rules of Civil Procedure 26 and 33 and the Local Rules of this judicial
 6 district, the Board of Education of Jordan School District (“Plaintiff”), hereby provides these
 7 answers and objections to the Defendants’ Interrogatories to Board of Education of Jordan School
 8 District (Set 1) (the “**Interrogatories**”).

9 **PRELIMINARY STATEMENT**

10 Plaintiff has undertaken a reasonable effort to provide the information requested by these
 11 Interrogatories to the extent the requested information is not subject to objection, but Plaintiff has
 12 not yet received adequate or substantially complete discovery from Defendants, and Plaintiff has
 13 not completed its investigation of the facts relating to this Action. Discovery is ongoing and
 14 additional information may be obtained that may alter these responses. The following responses
 15 and objections are based upon information that has been collected and reviewed to date for the
 16 purpose of these Interrogatories and are not prepared from any personal knowledge of any single
 17 individual. Accordingly, all the following responses are given without prejudice to, and with the
 18 express reservation of, Plaintiff’s right to supplement or modify its responses and objections to
 19 address additional information, and to rely upon any and all such information and documents at
 20 trial or otherwise.

21 **OBJECTIONS TO DEFINITIONS**

22 The following applies to each Interrogatory.

23 1. Plaintiff objects to Defendants’ definition of “Alleged Harm” on the grounds that it
 24 calls for a legal conclusion or Expert Opinion. Further, as discovery is just beginning, and the
 25 factual record is not yet complete, additional injury and harm may need to be supplemented during
 26 fact discovery or expert discovery.

27 2. Plaintiff objects to Defendants’ definition of “Relevant Time Period” as it is
 28 overbroad, calls for a legal conclusion or Expert Opinion, and is inconsistent with the relevant time

1 frame thus far established in this litigation. "Relevant Time Frame" shall mean from August 1,
 2 2017 to April 1, 2024 or the date of collection, whichever is earlier. Plaintiff reserves the right to
 3 change or modify the Relevant Time Frame based on further investigation or fact and/or expert
 4 discovery.

5 3. Plaintiff objects to Defendants' definition of "Plaintiff," "You," and "Your," as
 6 overly broad, unduly burdensome, and seeking the production of information that is not relevant to
 7 the claims or defenses of any party, not proportional to the needs of the case, and not reasonably
 8 accessible to Plaintiff upon reasonable diligence. Furthermore, the definition of these terms is over
 9 broad to the extent it would require Plaintiff to respond to these Interrogatories for people
 10 "purporting to act on its behalf" and to the extent it purports to include any of the persons identified
 11 in their personal capacities rather than as officers and employees of Plaintiff. Plaintiff objects
 12 further to this definition as seeking Privileged Information because the definition includes
 13 Plaintiff's attorneys.

14 4. Plaintiff's answers are made without waiving its right to object (on the grounds of
 15 relevance, hearsay, materiality, competency, or any other ground) to the use of its responses in any
 16 subsequent stage or proceeding in this action or any other action.

17 5. If Plaintiff, in response to any Interrogatory, inadvertently produced information
 18 that is or could be the subject of the objections stated herein, such production is not intended to be,
 19 nor is it deemed to be, a waiver of the objections with respect to such information provided or
 20 withheld.

21 RESPONSES TO INTERROGATORIES

22 INTERROGATORY NO. 1:

23 Identify every Person likely to have discoverable information related to Plaintiff's claims,
 24 including Persons (a) likely to have personal knowledge that supports or contradicts a position or
 25 claim that You have taken or intend to take in this Action, or (b) upon whom You intend to rely in
 26 proving Your claims, and for each such Person, and for each such Person, describe that personal
 27 knowledge.

28

1 **RESPONSE:**

2 Plaintiff objects to this Interrogatory as overly broad, unduly burdensome, and
 3 disproportionate to the needs of the case to the extent it purports to require Plaintiff to identify
 4 “every Person” whether employed by Plaintiff or third parties, or any other Person who may have
 5 any knowledge concerning the claims in the action. Plaintiff objects further to this Interrogatory to
 6 the extent it calls for the mental impressions of counsel, the identity of non-testifying experts, the
 7 premature disclosure of the identity of testifying experts, or otherwise seeks information protected
 8 from disclosure by the attorney-client privilege or work product doctrine. Plaintiff will make
 9 appropriate expert disclosures pursuant to deadlines set by the Court and in accordance with the
 10 Federal Rules of Civil Procedure.

11 Subject to and without waiving the foregoing objections, Plaintiff states, based on the
 12 information currently available to it, that the following persons currently or formerly employed by
 13 Plaintiff may have unique, material knowledge of Plaintiff’s allegations in this action and can be
 14 contacted through Plaintiff’s counsel:

INTERROGATORY NO. 2:

For each Defendant, state the years during which You claim such Defendant engaged in conduct for which You seek damages, as well as the time period for any abatement or other equitable relief.

1 **RESPONSE:**

2 Plaintiff objects to the Interrogatory as premature to the extent it seeks information about
 3 subjects of ongoing discovery, including expert discovery. Plaintiff's investigation is ongoing,
 4 Plaintiff has not received sufficient discovery from Defendants, and the factual record is
 5 incomplete. Plaintiff objects to the Interrogatory to the extent it calls for expert opinion. Plaintiff
 6 objects further because the Interrogatory is compound, consisting of multiple subparts relating to
 7 1) years of Defendants' relevant harmful conduct for which damages are sought and 2) the time
 8 period for abatement or other equitable relief.

9 Subject to and without waiving the foregoing objections, Plaintiff states, based on the
 10 information currently available, that Defendants have engaged in conduct over the following time
 11 frames which has led to the Plaintiff's damages and/or requires abatement or other equitable relief.
 12 For the Meta Defendants, at least back to 2004. For the TikTok Defendants, at least back to 2012.
 13 For the YouTube Defendants, at least back to 2005. For Defendant Snap Inc., at least back to 2011.
 14 Plaintiff states further that it will make appropriate expert disclosures concerning damages and
 15 abatement or other equitable relief in accordance with the deadlines set by the Court and the Federal
 16 Rules of Civil Procedure.

17

18 **INTERROGATORY NO. 3:**

19 Separately identify and describe (including the date, location, nature and extent, and cost of
 20 repair or replacement) every instance of vandalism, property damage, or criminal action You
 21 contend occurred as a result of Online Media & communications Services.

22 **RESPONSE:**

23 Plaintiff objects to this Interrogatory as overly broad, unduly burdensome, and
 24 disproportionate to the needs of the case to the extent it purports to require Plaintiff to identify and
 25 describe every instance of vandalism, property damage, or criminal action that occurred as a result
 26 of social media regardless of whether Plaintiff intends to claim such damage as damages in this
 27 action. Plaintiff objects further to the Interrogatory as vague and ambiguous because the phrase
 28 "property damage" is subject to multiple interpretations and may call for a legal conclusion.

1 Plaintiff objects further to the Interrogatory as premature to the extent it seeks expert opinion and
 2 because discovery is in its early stages. Plaintiff's investigation is ongoing, Plaintiff has not
 3 received sufficient discovery from Defendants, and the factual record is incomplete. Plaintiff
 4 objects further because the Interrogatory is compound, consisting of multiple subparts relating to
 5 1) vandalism, 2) property damage, or 3) criminal action.

6 Subject to and without waiving the foregoing objections, Plaintiff states it has incurred costs
 7 and expenses related to students' use of social media, such as bathroom heists, resulting in damages
 8 to its facilities and property, including the theft of soap dispensers and paper towel dispensers,
 9 tearing mirrors off the walls, bathroom stall damage, toilet paper theft, and other thefts and
 10 vandalism. Student social media use has also resulted in property damage outside of the bathroom,
 11 including broken windows, sprinkler heads, locker room benches, chairs, desks, and furniture. In
 12 addition, over the last several years, Plaintiff has had to modify or alter existing spaces to address
 13 harms resulting from students' social media use. These modifications include remodeling or
 14 eliminating existing educational spaces to create student wellness spaces to address increases in
 15 student anxiety, depression, agitation, and disruptive behavior. While the cost for these
 16 modifications varies, some projects have cost approximately \$50,000-\$60,000. In addition to the
 17 expense and labor required, educational space is lost, forcing Plaintiff to find alternate spaces and
 18 accelerating the need for building new educational spaces. Plaintiff estimates it has lost the
 19 equivalent of 60-70 classrooms due to these modifications. Furthermore, Plaintiff has been forced
 20 to increase its student support staff numbers, including social workers and school site
 21 administrators. This necessitates creating additional office space for the increased staffing, which
 22 requires financial and human resources to achieve and reduces space available for education.
 23 Plaintiff will supplement as discovery proceeds and anticipates that further information will be
 24 produced in response to Defendants' requests for production, including Set 1.
